LIGA FOOTBALL TRITON

The Cawila LIGA TRITON match football combines innovative technologies for outstanding playing quality. Thanks to the thermo-bonded technology, the ball guarantees optimum dimensional stability and durability. The FLIGHT STABILIZER ensures stable flight characteristics and outstanding accuracy of fit..

The 16 textured panels made of high-quality PU microfibre give the ball outstanding grip and precise ball control. The laminated rubber bladder on the inside ensures high pressure resistance, allowing the ball to maintain its optimum air pressure over a longer period of time.

A particular highlight is the enhanced feel that this football offers. The textured microfibre component, combined with foam and grooves, provides a pleasant feel for the ball and improved control. The Cawila LIGA TRITON is therefore the ideal choice for demanding players who value quality, fairness and outstanding playing characteristics.

This football proudly bears the Fairtrade certificate, which means that it was produced under fair working conditions.

ACADEMY ICE TOWEL

This innovative 100 x 30 cm towel not only offers the highest quality, but also refreshing cooling that has been specially developed for athletes. Made from high-quality microfibre material, the Cawila ICE towel is impressively light and soft.

How does it work? Dip the Cawila ICE towel in water, wring it out and shake it gently. In no time at all you will feel the refreshing effect on your skin, which lasts for up to 2 hours. This gives you the cooling effect you need during intensive training sessions or on hot days. The cooling effect is purely due to evaporative cooling.

Material: Microfibre (polyester)
Dimensions: 100 x 30 cm
Strong cooling effect

10178200

€ 6,95

ACADEMY TARGET SHOT

Practising precisely placed shots on goal - no more problems with the hard-wearing goal target tarpaulin with four zones! Thanks to its simple assembly and disassembly and the carrying bag supplied, it can be quickly attached to the football goal and taken anywhere. The goal shooting tarpaulin can be perfectly integrated into numerous exercises.

10188965 - for 5.00 x 2.00 m goals
€ 159,95

10192494 - for 7.32 x 2.44m goals
€ 259,95

ACADEMY REBOUNDER

The net rebounder with a frame size of 100 x 100 cm is the ideal training device for goalkeeper and field player training.

Utilise the excellent rebound effect of the rebounder for your modern training.

The adjustable angle of inclination of the net rebound wall allows the balls to bounce at different heights.

10177920
€ 119,95

ACADEMY BALANCE BOARD

Balance board to improve coordination and strengthen the foot muscles

- Height-adjustable due to rotating thread on the underside
- Made from hardened solid plastic
- Load capacity: up to 130kg
- Diameter: 40cm

10177834
€ 10,95

ACADEMY REACTION BELT

2 large adjustable nylon belts with snap fasteners, to each of which an approx. 1.50 m long nylon strap is attached. The belts are connected by a Velcro fastener that tears open when a certain tensile force is applied. In partner exercises, one partner must follow the movements of the other without allowing the strap to break. This trains reaction speed and manoeuvrability extremely well.

10223807
€ 4,95

CAWILA PRO TRAINING DUMMY

The new versatile, plug-in training dummies (free-kick dummy - free-kick figure) made of sturdy plastic enable a variety of exercises. Proven in use by many professional clubs for years.

ACADEMY ALUMINIUM MINIGOAL

The Minitor ACADEMY from Cawila is a practical aluminium folding goal measuring 120x80cm. The goal dimensions are ideal for FUNINO and the new forms of play in youth football. The folding goal is easy to fold and therefore ideal for transport and storage. The white fine-meshed net is robust and attached to the goal profile with extra-strong Velcro fasteners. The angular goal profile made of black aluminium ensures that the ACADEMY aluminium mini goal is long-lasting.

- Dimensions: 120 x 80cm
- Goal frame: Diameter 50mm
- Joints and connections made from cast aluminium parts
- Net depth: 50cm top, 70cm bottom
- Goal net: white goal net with black Velcro fastenings
- Material: aluminium

10257998 - Minigoal 1,20 x 0,80m
€ 199,95

LIGA ALUMINIUM FOLDING GOAL

The practical, mobile, foldable Minitor is ideal for party games on four small goals and in small fields! The goal frame has a round profile with a diameter of approx. 50 mm. The net hoops are foldable and therefore easy to transport. Assembly is quick and easy in just three steps. The goal is lightweight, robust and promises a long service life with appropriate use.

- Dimensions: 120 x 80cm | 145 x 95cm
- Goal frame: Diameter 50mm
- Joints and connections made of ALU castings
- Net depth: 50cm top, 70cm bottom
- Goal net: white goal net with black Velcro fastenings
- Material: Aluminium, natural

LIGA GOAL DOWNSIZER

The Cawila PRO goal downsizer is a practical solution for adapting children's and youth football goals to smaller players. The dimensions of the reduction are 3 x 0.4 m or 5 x 0.33 m, which enables age-appropriate organisation of the game. The quick-release fasteners supplied facilitate quick and easy installation on existing goals measuring 3x2 m or 5x2 m.

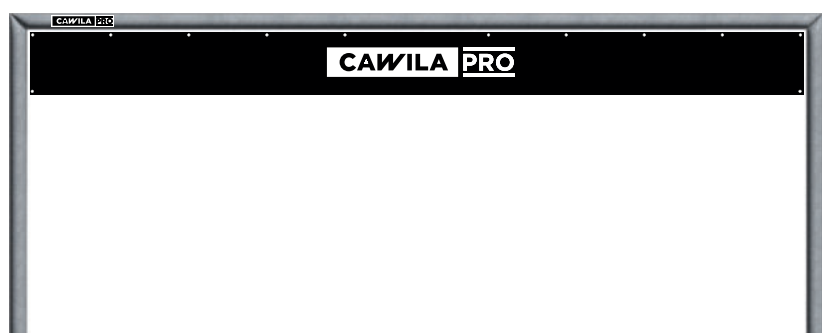

To summarise, this goal reducer offers a practical solution for use in football matches for children and young people, as it allows the goal size to be adjusted to suit the age group and is easy to install.
